Mailing Address (if different) _____ Phone _____

Hereby apply for a service line installation to the address above for the following purposes:

Water heater Cooking Dryer Building Heat Generator Other _____

Owner acknowledges that this application is for the following type of service: Residential Commercial Industrial

Midwest Natural Gas Corporation (Utility) will furnish, install, own and maintain all piping and other appurtenances to supply service from the gas main to the outlet of the meter at the location described above. The Owner will furnish the household piping, installed to meet the standards of the National Fuel Gas Code for "Gas Piping and Gas Appliances in Buildings" and manifold piping and, or the International Residential Code for One and Two Family Dwellings as adopted by the State of Indiana, which shall not be less than one (1) inch in size and shall extend not less than eight (8) inches beyond the outside building wall. The manifold pipe shall be black iron pipe and shall be rigidly fastened to the building, in such a manner, that will permit making the outside connection without disturbing the inside piping.

In consideration of this service, Owner agrees:

1. To abide by the rules and regulations of the Utility as approved by the Indiana Utility Regulatory Commission.
2. To grant an easement over said premises in favor of the Utility for the purpose of laying, maintaining, metering, repairing and replacing the natural gas line, servicing my property or the adjoining property.
3. It is understood and agreed that the Company is under no obligation, nor can it be held liable for any damages for not serving my property, until such time that the gas distribution mains have been installed and gas is available for general use for the area where said property is located.
4. In the event natural gas service is not initiated for the purposes described herein within 90 days of the service being installed, Owner will reimburse the Utility for all expenses relating to the installation of gas service to the property, including court and attorney fees and all reasonable costs incurred with the collection of said charges.
5. The Utility will be responsible for backfilling where the service line was installed. All other tasks associated with general reclamation (e.g. seeding, spreading straw, compacting) will be the responsibility of the Owner.
6. That the Company assumes no responsibility for the interruption of service and the Company shall have the right to discontinue service to said property for any of the following reasons:
 - (a) When the safety of the general public is endangered or public convenience and necessity requires;
 - (b) Defective piping and equipment on my property;
 - (c) Utility maintenance and construction operations;
 - (d) Violation of the Utility rules and regulations and failure to pay charges for service rendered.
7. To not extend service to other structures without written approval of the Utility, which could result in termination of service.

The Owner agrees that they are responsible for the cost of the service line installation that exceeds non-gas revenues charged and collected by the utility for the first Seventy-two (72) months after service line installation, excluding sales tax, by all occupants of the premises. The cost of installation at this location is \$_____.
